Last night whilst on patrol in the Waterville area I saw a group of youths who were being a bit rowdy but were just being boys. I decided to keep a distant eye on them incase they got too boisterous. Two of the group then decided it would be great fun to take a flying kick at the front door of a house and then scarper. I was able to follow and catch the two. I gave them a very severe talking to and their details have been recorded on the system and their parents will be sent a letter informing them of their behaviour. I then went back and spoke with the resident of the house, there was no damage just a muddy footprint but he was quite shaken up and alarmed at having two loud bangs on his front door. I will continue to patrol all areas of the Ortons and will try to keep an eye on all groups I see. I do apologise if you fall foul of anti social behaviour but either phone up 0845 456 456 4 or email me and the team and me will try our best to deter any future incidents.

Many thanks

Paul
